Art Buds in Muirhouse is an upcoming programme of outdoor creative classes for children in the Muirhouse area. We are looking for young people aged 18-25 with a passion for creativity and education to join our mentorship programme. Applicants should be enthusiastic about their own learning and keen to support the learning of others. We particularly welcome applications from those with a connection to the Muirhouse area and an interest in art, the environment and nature. In addition to skills training, successful applicants will receive 22 hours of paid mentorship from experienced Artist Educators at a rate of £10/hr.

Mentees will leave the project with a developed understanding of child-led education and the

confidence to apply this in their own setting. Mentees will also gain the skills to create and design sustainable sessions and make environmentally friendly choices in their lesson planning. This opportunity offers valuable hands on experience for anyone interested in a career in the fields of outdoor learning, early years education, community engagement and artistic education. A full PVG disclosure will be provided for all successful applicants.
